

Onboarding reminders: the wording for approval

The emails and push notifications sent to a candidate who has stopped part-way through onboarding. Each is shown exactly as the platform sends it, with a sample candidate, Amara.

Draft for THC approval · prepared 2 October 2026

Three reminders, one for each place a candidate can stall

	INTERVIEW NOT DONE	ACCEPTED, ACCOUNT NOT SET UP	SIGNED UP, A STEP LEFT IN THE APP
Reminder	OC1	OC2	OC3
Sent as	Email	Email, with a new set-password link	Push notification that opens the onboarding wizard
From	admin@thehospitalitycompany.co.uk	admin@thehospitalitycompany.co.uk	THC Staff App

How they are sent

- **Daily.** The first reminder goes a day after the candidate's last progress, then one a day for as long as the next move is theirs.
- **They don't stop.** No message says "last reminder". Any progress (a step saved, a document uploaded, a quiz attempt) starts the count again. Rejecting the candidate stops them.
- **Daytime only.** Sent between 10:00 and 18:00 UK time.
- **Three wordings per reminder.** Day 1, day 2, then the day-3 wording every day after that. After three reminders with no progress, the candidate's card in the Back Office reads "**Stalled ... Phone them.**" and the reminders carry on.
- **Never sent while the next move is the office's:** an interview completed and awaiting a decision, documents under review, or a declaration awaiting Verify.

Interview reminder

Sent while the candidate is in **Interview requested**, Willo's invitation has gone out and the interview isn't done. Willo sends the invitation itself and we don't hold its link, so the email points the candidate to Willo's email.

Sent once the candidate is accepted and the welcome email has gone out, but they haven't set a password. The welcome email's link works once and expires after 24 hours, so **every reminder carries a new link**. The links below are examples.

App reminder

Sent once the candidate has signed up and a step in the onboarding wizard is waiting on them. Tapping it opens the wizard at that step. *{step}* is filled in with the step in words. Here, Amara hasn't done the quiz:

How it looks on the lock screen varies by phone. The title and message are what we send.

The wording

	TITLE	MESSAGE
Day 1	Pick up where you left off	Next up: <i>{step}</i> . Tap to carry on with your onboarding.
Day 2	You're nearly there	Still to do: <i>{step}</i> . Finish onboarding to start picking up shifts.
Day 3, and every day after	Your onboarding is waiting	Still to do: <i>{step}</i> . We can't offer you shifts until onboarding is finished. Need help? Contact the office.

The step, in words

WIZARD STEP	{STEP} READS
1 · Right to work	your right-to-work details
2 · Address	your home address
3 · Selfie	your profile selfie
4 · Documents	uploading your documents
4 · Documents, one rejected	re-uploading a rejected document
5 · Induction	the Health & Safety induction
6 · Quiz	the Health & Safety quiz
7 · HMRC	the HMRC New Starter Checklist
8 · References	your two references
9 · Bank & payroll	your bank & payroll details
10 · Contract	signing your contract

A candidate with notifications turned off gets no push. Their Back Office card turns amber straight away ("not delivered — notifications are off on their phone. Phone them.") so the office can call instead.
